ONLY FOUR LEFT

Who Were in the Train Service of the R. F. & P. R. 26 Years Ago.

"How long have you been connected with this road," said a Free Lance man to Conductor Enders Dickinson, of the R. F. & P. R. R., as he was en route to Milford Monday morning? "Twenty-six years," he replied. "There have been many changes in that period, we suppose," said the Free Lance. "Yes," said Dickinson, "there are only four men now connected with the train service, who came to the road when I did. They are Conductor H. B. Fitzhugh and myself, and baggage Masters E. M. Willis and J. W. Bosh. I have seen such good ones as Gill, Birdsong and Stratton pass away since I came."

"You must begin to feel old, then," said the Free Lance. "No I don't, I am the youngest man on the road today, in feeling, and if you don't believe it just tackle me when I am off duty," he laughingly replied, as he pulled the bell rope for the stop at Milford.

Commenting November 16th, we will send round trip tickets to Washington, including date of issue, at rate of \$2.75. Round trip tickets are already on sale to Baltimore, Philadelphia and New York.

Answer to Problems.

Below will be found the answer to Mr. Chandler's Problem, No. 2, which appeared in The Free Lance November 30th. This is the only answer to No. 2, but it will also serve as an answer to the other, as there are several ways of solving No. 1. The problems seem to have been easy ones, the solution having been promptly found by "The Tatler," R. D. Hilliard, of Middlesex, and Messrs. J. E. Thrift and S. F. Compton, of Washington.
